

2022 Commuteride Club Red Fare Schedule

ACHD Commuteride aims to conduct an annual review of its vanpool fares to validate adherence with the following vanpool program tenets:

1. Provide vanpool option at the lowest cost possible
2. Maintain a 100% recovery rate for vanpool operations
3. Ensure a consistent fare structure is provided across all vanpool routes

The fare analysis process includes reviewing actual route mileage for existing vanpool routes, determining the average operational costs (5-year history), determining a target occupancy rate based on average occupancy (5-year history), and policy/market considerations. The following table outlines the monthly fare for a vanpool customer for 2022 based on a typical one-way mileage of the route. To ensure operational costs are covered, Commuteride maintains a minimum fare of \$65 per month for full-time riders. The fares are based on full time ridership, which is calculated for vans to run 21 days per month on average. Commuteride also provides a part-time rider fare, allowing the rider to ride up to 8 days per month. Please contact Commuteride for the part-time rider fares.

One-way Mileage	Monthly Fare
0-20	\$ 65
21-22	\$ 70
23-24	\$ 75
25-26	\$ 85
27-28	\$ 90
29-30	\$ 95
31-32	\$ 100
33-34	\$ 110
35-36	\$ 115
37-38	\$ 120
39-40	\$ 125
41-42	\$ 135
43-44	\$ 140
45-46	\$ 145
47-48	\$ 150
49-50	\$ 160
51-52	\$ 165
53-54	\$ 170
55-56	\$ 180
57-58	\$ 185
59-60	\$ 190
61-62	\$ 195
63-64	\$ 205
65-66	\$ 210
67-68	\$ 215
69-70	\$ 220
71-72	\$ 230
